

A nomenclatural note on *Cryphaea leptopteris* Enroth & T. Kop. (Cryphaeaceae, Bryopsida)

Johannes Enroth & Timo Koponen

Enroth, J. & Koponen, T., Department of Ecology and Systematics, Division of Systematic Biology, P. O. Box 7, FIN-00014 University of Helsinki, Finland

Received 12 August 1997, accepted 14 August 1997

Cryphaea leptopteris Enroth & T. Kop. (Cryphaeaceae, Bryopsida), an illegitimate homonym of *C. leptopteris* C. Müll., is renamed as *C. songpanensis* Enroth & T. Kop.

Key words: Botanical nomenclature, *Cryphaea leptopteris*, *nomen novum*

Cryphaea leptopteris Enroth & T. Kop. was described as a new species by Enroth and Koponen (1997). However, that name was already used by Müller (1901), which makes the Enroth and Koponen name an illegitimate homonym (cf. Greuter *et al.* 1994: Art 53.1). Therefore, the species must be given a new name. The new epithet refers to the type locality in Sichuan, China.

Cryphaea songpanensis* Enroth & T. Kop., *nom. nov.

Basionym: *Cryphaea leptopteris* Enroth & T. Kop., Harvard Pap. Bot. 10: 1. 1997, *hom. illeg.; non C. leptopteris* C. Müll., Hedwigia 40: 77. 1901 (*Schoenobryum leptopteris*

(C. Müll.) Manuel, Bryologist 88: 523. 1977).
